List the following maintenance practices in order of maturity (least to most):

The screenshot shows a user interface for ordering maintenance practices. On the left, under the heading "Unordered Options", there is a list of four items: "Condition based maintenance", "Reactive maintenance", "Time based maintenance", and "Predictive maintenance". Each item is in a box with a small handle on the left. To the right of this list are two circular arrows, one pointing right and one pointing left. On the right side of the interface, under the heading "Ordered Options", there is an empty area where the items can be dropped. To the right of this area are two circular arrows, one pointing up and one pointing down, indicating that the order can be changed.
